INFORMATION NOTE

In case of a rights exercise application, the controller shall proceed with the requested action without delay and within one month of receipt of the request, having first assessed its legal validity.

The Company makes every effort to ensure that your requests are answered promptly and in any case within one month of their receipt. This period may be extended by two (2) more months, if necessary, taking into account the complexity of the request and the number of requests. You will be informed by the Company for this extension and the reasons for the delay within one month of receiving the request. If the data subject submits the request electronically, the information shall be provided, if possible, by electronic means, unless the data subject requests otherwise.

If the controller fails to act on the data subject's request, he shall inform the data subject without delay and within one month of receipt of the request, for the reasons why he did not act and for the possibility of lodging a complaint with a supervisory authority and bringing legal action.

If the requests are manifestly unfounded or excessive, in particular due to their repeated nature, the controller may either impose a reasonable fee, taking into account administrative costs for providing the information or for communicating or executing the action requested, or refuse to respond to the request.

The controller may request the supply of additional information necessary to verify the identity of the applicant.
